Dear Friends and Fellow Republicans

The Real Joe Biden – A Grifter (2nd in a series of several)

Joe Biden, who once said that you can't go into a 7 11 in Delaware without needing an interpreter, now wants us to believe that he's always been a civil rights leader. And now he's out there telling us that he got arrested in the civil rights movement. Even the Washington Post says this did not occur, and when Democrats are losing the Post, that can't be good for them. Biden made this claim talking to Howard Stern (don't get me started) recently.

Our glorious "President" said and I quote:

She said, "Joey, let me — remember" — true story, she said — "Remember when they were desegregating Lynnfield, the neighborhood ... suburbia — and I told you — and there was a black family moving in and there was — people were down there protesting; I told you not to go down there and you went down, remember that? And you got arrested standing on the porch with a black family? And they brought you back, the police?" And I said, "Yeah, Mom, I remember that."

To paraphrase Meghan Trainor, we know that Biden is lying – his lips are moving. Democrats have forced onto the world stage one of the biggest liars known to human history. Among his other whoppers are: claiming he was the runner up in state scoring in football, and claiming he saved 6 people from drowning as a lifeguard.

(This is 2nd in a series of many. People need to understand what the stakes are when deciding who to vote for)

What 10 Years of US Meddling in Ukraine Have Done

Aaron Mate of Real Clear Investigations has done an outstanding expose in what neocons have done to Ukraine and to the Ukrainian people. It's a long read but well worth it, if you want to learn. In addition, listen to US Congresswoman Victoria Spartz, who was born in Ukraine, had to say about Biden's disastrous foreign policy, and how this 10 year proxy war has hurt her native country. Spartz is the Congresswoman from Indiana's 5th District. Spartz, who understands this situation better than most, knows how harmful Biden's policies have been towards her homeland, and Rep. Spartz has been a leader in the need to stop all these endless wars, as they don't help people in the long run, and they only make money for Lockheed Martin and the military industrial complex.

Spartz's comments start at the 57 minute mark. It's a long video but well worth watching to learn about what Washington DC's foreign policy elite are doing to the world in their need for world domination by the USA.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
